Do you have extra short- to medium-term activity to manage?

Businesses often face seasonal needs. Short- and medium-term rental allows you to respond with agility so you can stay in control!

Fraikin provides:

- ▶ A simple and fast rental service
- ▶ A choice of light, heavy or even specialist vehicle options
- ▶ Fixed cost transparency

What about a longer-term solution?

FRAIKIN XTEND DELIVERS THE PREDICTABILITY YOU NEED.

Combine the financial benefits associated with a longer-term rental deal, with the peace of mind and flexibility provided by short-term hire.

If your business needs change, your only commitment is to provide one month's notice and we'll simply revert the rate to a pre-agreed short-term hire charge.

Fraikin Xtend customers also receive:

- ▶ Automatic notification of any legislative changes that might affect your business
- ▶ A fair wear and tear policy covering minor damage caused by everyday operation
